

DRIVEN Robotics

Who is DRIVEN?

- A new community high school robotics team in Broomall/Newtown Square
- Mentored by industry engineers & technicians
- Organized by Science Resources, a local non-profit promoting science education (science-resources.org)
- In partnership with Marple Newtown High School
- Will participate in FIRST Robotics competition(s) in March 2006 (www.usfirst.org/robotics)
- Future team website: drivenrobotics.com

Benefits of joining DRIVEN

- Real-world engineering experience
- Teamwork
- Presentation & interview skills
- “Gracious Professionalism”
- Access to \$8M in college scholarships

2005-06 Schedule

- Oct-Dec '05: Bi-weekly team meetings for training & development
- Jan 7, 2006: FIRST Robotics Competition Kick-Off
- Jan-Feb '06: Robot Build Season – daily team meetings
- Mar 16-18: Chesapeake tournament in Annapolis (tentative)
- Mar 30-Apr 1: Philadelphia tournament at Drexel

How to get involved: STUDENTS

- Become full-time or part-time team member
- Many team member roles
 - Mechanical design
 - Programming & electrical design
 - Promotion & marketing
 - Documentation & video production

How to get involved: ADULTS

- Be a technical mentor or team advisor
- Help us obtain financial support from corporate sponsors
- Support our team meetings (meals, rides)
- Support our team fund-raisers
- Help us find a dedicated meeting space for robot build season

Come to an **introductory meeting on Saturday, Oct 15, 10 am-noon or 2-4 pm**, at Bethany Collegiate Church, on Township Line Rd. in Havertown (directions at www.bethanycollegiate.com/direx.html). Prospective students and parents are invited!
